## CALL FOR PROJECT PROPOSAL

# Biomedical Instruments and Devices Hub

“A Centre for Innovation, Design and Clinical Validation”

PGIMER Chandigarh

## Call for Innovative Ideas for Medical Devices Development

Biomedical Instruments and Devices Hub Invites Project Proposals for Developing Innovative Medical Devices. The call is open for Faculty/Researchers/Innovators working in the field of medical devices.

### Criteria for project proposals assessment:

- Originality
- Applications
- Novelty

Submission of Brief Proposal  
20/10/2021  
Notification of Accepted  
Proposals:  
25/10/2021

**B**iomedical Instruments and Devices Hub: A Centre for excellence in biomedical devices supported by the Department of Science & Technology (DST). The center is working towards the mission of 'Make in India' by promoting the indigenous development of high-quality medical devices through innovation, design, and clinical validation steps. The BID-HUB provides support for testing, clinical validation, IPR & Commercialization newly developed medical devices under its name.

### How to Apply

Submit your proposal related to medical device in the prescribed format before the deadline.

### Who Can Apply

The call is open to all researchers including industry who have an access to the infrastructure required to build the device prototype

Scan the QR-Code below to get the prescribed format
